Valves

pressure and temperature regulators, control valves, sliding gate valves

high purity regulators, control valves, steam traps, check valves

regulators, control valves, steam traps, check valves, butterfly & ball valves for food & beverage markets

high pressure fractional flow regulators, control valves

safety and relief valves

pressure regulators

check valves

high performance butterfly valves, ball/butterfly valves, gate/globe/check valves

ball valves, automation

knife gate valves

instrumentation valves

steam and water mixing valves

Instrumentation

gauges, thermometers, transmitters, magnetic level indicators, thermocouples, RTDs

pressure and temperature switches

pressure and temperature switches

regulators, transducers

gauges, thermometers, switches, controllers

gauges, thermometers, transducers

PERMA-CAL INDUSTRIES, INC.
DIRECT DRIVE PRESSURE GAUGES

pressure gauges

digital panel meters

gauges, thermometers, pyrometers, chart recorders

fittings, calibration pumps

thermocouples, RTDs

pH, ORP, conductivity sensors

Piping, Steam & Compressed Air Specialties

steam traps

Nicholson

industrial and high purity
steam traps

sight flow indicators, swivel
joints, loading arms

FINITE

compressed air filters

compressed air filters, dryers,
dessicant

APPLICATION EXPERTISE

VALVES • INSTRUMENTATION • PIPING SPECIALTIES
